myCOOLMAN

www.mycoolman.com.au

Options for everyone

Developed in Germany with decades of fridge know-how and experience, myCOOLMAN represents a new generation of cooling and freezing options with versatile design features. Where ever you're headed, the myCOOLMAN is the perfect addition to your next adventure.

Crafted with European expertise

Combining European style with designs made specifically for the demanding Australian conditions myCOOLMAN provides a premium level of quality.

Game-changing technology

Enjoy flexibility with our unique two-way opening lid that can be changed in seconds plus dual zone models that enable you to keep your food frozen down to -18 degrees!

Innovative Design Features

Flat-carry handles, Bluetooth connectivity and control, pull-out baskets for easy cleaning plus our newly designed & light-weight myCOOLMAN compressor make our fridges the most exciting and innovative on the market.

A Kamoto Openfire Pit Valued at \$299

Kamoto OpenFire is a portable fire pit for times and places where you cannot start a fire directly on the ground. It allows you to create that campfire feeling wherever you want. It comes with a cooking grate that facilitates cooking whether you add the ingredients directly on the grill or place a pan on top. Kamoto is made of powder-coated steel and is easy to fold and carry around. If you unfold it, it is ready to light up in seconds.

Winner announced on the 21st of December
